

HAPPY *Virtual* HOLIDAYS

FREE HOLIDAY CHAT: 10 AM - NOV 24

We know celebrating the holidays will be different this year; it's so important to celebrate. Keeping old family traditions alive and creating new ones will help keep the holidays special. But how to do it?

This year Boomers Leading Change is creating a list of virtual ideas and activities to help you create new memories with all your friends and family. Cooking, games, and decorating – you can do it all! The holidays mean time with family for so many of us and we hope this helps you and your loved ones feel festive and closer.

Wishing you and yours a safe and peaceful holiday season!

Your friends at Boomers Leading Change

- Use a video chat to menu plan together. Share favorite recipes. Keep the window open and share the cooking experience together
- Make holiday playlist to play during your video calls
- Virtual Charades! Easy to setup, a blast to play and fun for the whole family
- Create a gratitude bowl in each household and take turns reading what you're thankful for this year
- Make sure everyone has the materials ahead of time and host a decoration painting party over video chat
- Have a virtual cookie baking and decorating party together
- Play virtual holiday bingo by using this [bingo template](#)
- Speed wrapping! Use a timer and have everyone start at the same time. The first person to tie the ribbon and sign the name tag wins!
- Blast from holidays past. Have everyone share a photo of a past holiday and take turns sharing why it was so memorable
- Family talent show. What better time to show off all of your amazing talents with your family. Make sure everyone has something prepped and get ready to take 'center screen'

Still need ideas or have some that you can't wait to share? We are having a free holiday chat on Tues, November 24, and we'd love to see you there! Click [HERE](#) to sign up for free!
